

POTASH

RAW STRENGTH, REFINED STRATEGY

WE UNDERSTAND THE CHALLENGES OF DESIGNING, CONSTRUCTING, OPERATING AND MAINTAINING LARGE PROCESSING FACILITIES. OUR FOCUS IS ON BUILDING LONG TERM RELATIONSHIPS AND WORKING WITH OUR CLIENTS TO REALIZE THEIR OBJECTIVES. WHETHER IT'S A GREENFIELD PROJECT, BROWNFIELD EXPANSION, OR ONGOING OPERATING IMPROVEMENTS, OUR TEAM PROVIDES A FLEXIBLE AND PRACTICAL APPROACH TO DEVELOPING VALUE ADDED SOLUTIONS.

ENGINEERING A WORLD OF POSSIBILITIES

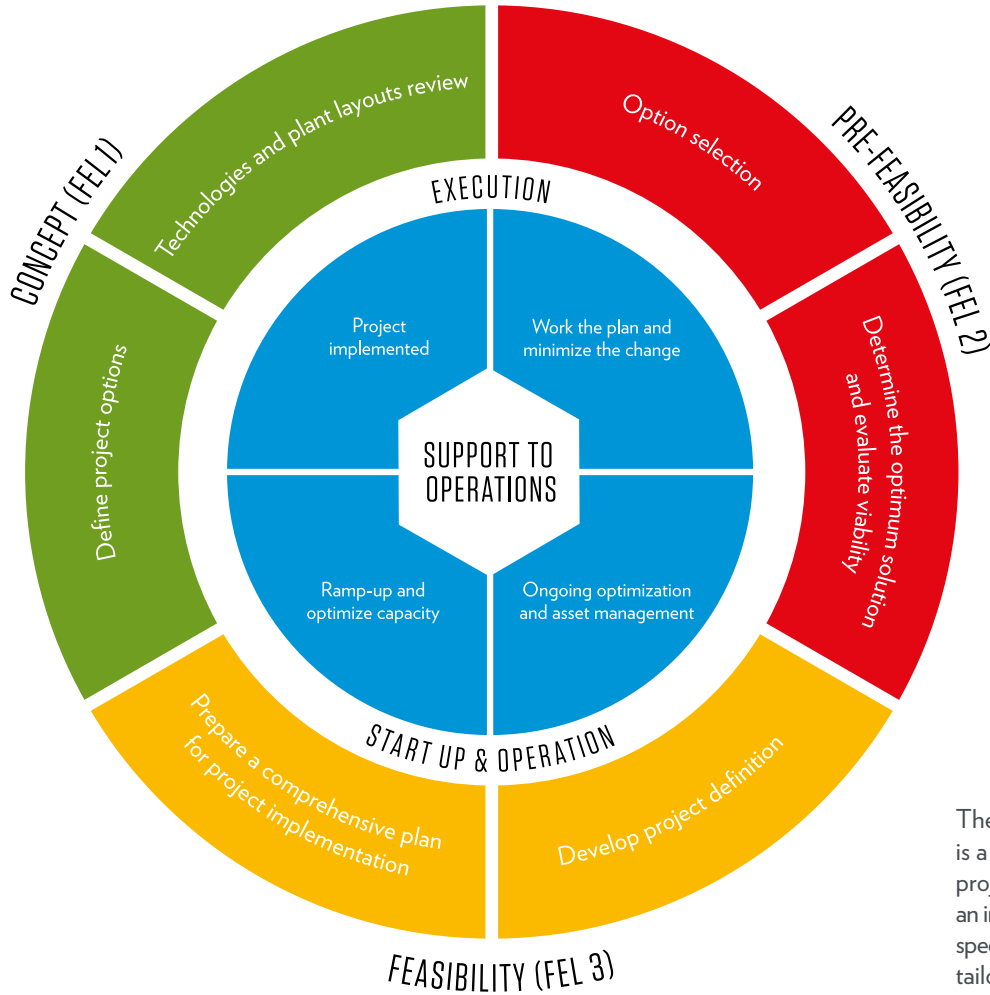

WE BRING THE CAPABILITY, SCALE AND FINANCIAL BACKING THAT YOU WOULD EXPECT FROM A LARGE PROFESSIONAL SERVICES FIRM. TOGETHER WITH THE LEVEL OF PERSONAL ATTENTION, INNOVATION AND SUPPORT YOU WOULD EXPECT FROM A SMALL LOCAL TEAM.

Through our multidisciplinary staff, WSP meets project challenges by applying best practices designed to achieve optimal results. From our offices across Canada and globally, our clients have easy access to project professionals and technical experts.

Taking a pragmatic approach, WSP's professional teams provide quantifiable benefits at every stage of the project lifecycle. Our teams develop optimal, flexible, and customized solutions for projects of varying size and complexity.

EVERY STEP OF THE WAY

FROM CONCEPTUAL AND FEASIBILITY STUDIES TO DETAILED ENGINEERING AND PROJECT EXECUTION – WITH ONGOING SUPPORT TO OPTIMIZE OUR CLIENT'S OPERATIONS.

The WSP project lifecycle is a phased approach to project execution. Using either an internal standard or client specific workflows, WSP can tailor its services to constantly deliver quality projects.

SAFELY: IT'S HOW WE DO BUSINESS

WSP takes safety requirements and best practices seriously and is committed to providing a safe and healthy workplace for its employees, clients and contractors. We manage a comprehensive and diversified HSE program that includes best practices such as hazard/risk analysis, design for safety, inspections and safe work methods.

All of our staff, in line with our HSE goals and core values, are consistently pursuing efforts to build and develop the HSE culture of the company. Together, the steps we take and the cooperation we foster will enable WSP to maintain an incident – and injury - free work environment.

WHAT WE DO

WSP is a trusted provider of EPCM services to a variety of heavy industries. We understand our client's challenges and support them with tailored solutions for all project types and sizes. Our goal is to partner with our clients to deliver the right expertise and services to meet their needs. Nothing more, nothing less.

- Multi-Discipline Detailed Engineering
- Environmental Services

PROJECT EXECUTION

- Full EPCM Delivery
- Owner's Engineer Services
- On-Site Engineering and Inspection
- Pre-Commissioning, Testing and Start-Up

OPERATIONS SUPPORT

- On-Site Engineering Support
- Debottlenecking and Plant Improvement
- Maintenance and Capital Engineering
- Operational Readiness
- Energy Design and Management

ASSET MANAGEMENT

- Performance and Condition Assessment
- Inspection Services
- Turnaround Planning and Support
- Risk and Safety Analysis

ABOUT WSP IN CANADA

As a Canadian multinational, WSP is one of the world's leading engineering consulting firms. A leader in transforming the built environment and restoring the natural environment, our expertise ranges from engineering iconic buildings to designing sustainable transport networks, to environmental remediation and urban planning, to developing tomorrow's energy sources and finding innovative ways to extract essential resources. Working with governments, businesses, architects and planners, we provide integrated solutions for all of the markets in which we operate. With more than 8,000 dedicated professionals in Canada, supported by a worldwide network spanning 40 countries, our teams are committed to helping our clients succeed no matter how they grow, what they choose to do, or where they move.
